New Year New You?

Things we model for our kids, whether we realize it or not...

@mombrain.therapist

relationships with technology

how we deal with frustration

how we solve problems

how we take care of ourselves

how we apologize & repair

how we ask for help

OOPS

how we handle mistakes

how we navigate conflict

how we approach differences

how we care for animals

how we care for our environment

how we listen

A friend of mine sent me this on New Years Day and I thought it was a powerful reminder of how we model our relationship with technology, and so much more, to our children. Food for thought this January. What are you going to model better this year?

Make sure they know where to go for support:
